- Human is the weakest link in information security.
- But human is the best defence against any email scam.

- Tip 1**  
Don't give out personal information.
- Tip 2**  
Don't click on email attachments.
- Tip 3**  
Beware of threatening, empathy or urgent language.
- Tip 4**  
Analyse the situation and seek assistance.

Double check the source of email, subject line and link. If not sure, step back from your email and call IT Services 01202 9 65515 for advice.

**So be vigilant,  
and have a  
scam-free  
Christmas holiday.**
